

Beverley Glover - Accompanist Orange Male Voice Choir

New Zealand born, Beverley started piano lessons at the age of eight (and says she is still learning as each year passes). During her college years she studied cello and played in the college orchestra, and was leader of the Madrigal Singers as well as the school pianist.

In 1971 Beverley moved across 'the ditch' to settle in Australia. During her years in Qld she was actively involved in church music and a member of a YFC music team which toured N.Z. Fiji and Western Samoa.

After spending some years in Sydney and Port Stephens, she and her husband Les moved to Orange in 1989 when they both joined the Rowland Gregory Orpheus Singers as accompanist and Les as a chorister.

These past 19 years have seen Beverley not only our accompanist, but also adding to the choir, her ability to organise choir tours, local trips and held the position of Secretary and committee member for many years. Her secretarial and organisational skills were evident in the successful tours to the UK, N.Z. and Queensland as well as many weekend trips around NS.W. over the past years.

Beverley has accompanied the choir to China and Hong Kong tour in 1993, the two New Zealand tours, and the tour to Wales, Ireland and England. Other concert halls she has accompanied OMVC choir in are the Melbourne Concert Hall, Sydney Opera House and the Sydney Town Hall.

2008 continues to keep Bev on her toes as she is accompanying the Anglican Children's Choir at Holy Trinity Anglican Church in Orange. This choir is made up of boys and girls between the ages of 8 yrs and 14 yrs. She is also one of the pipe organists at Holy Trinity. Bev. works full time as Electorate Secretary to the State Member for Orange and has been in politics for some 17 years working with Federal and State parliamentarians.

Bev has appreciated and been inspired by the three conductors she has worked alongside with over these past 19 years, each one bringing his own skills and individuality to the choir, and looks forward to many more years of being part of the team.
